

JOHN MARION THODAY
PUBLICATIONS 1942-1998

1. Thoday, J.M. (1942) The effects of ionising radiation on the chromosomes of *Tradescantia bracteata*. A comparison between neutrons and X-rays. (with a section on neutron dosimetry by Dr D.E. Lea). *J.Genet.* 43, 189-210
2. Catcheside, D.G., Lea, D.E. & Thoday, J.M. (1946) Types of chromosome structural change induced by the irradiation on *Tradescantia* microspores. *J.Gent.* 47, 113-136.
3. Catcheside, D.G., Lea, D.E. & Thoday, J.M. (1946) The production of chromosome structural changes in *Tradescantia* microspores in relation to dosage, intensity and temperature. *J. Genet.* 47, 137-149.
4. Thoday, J.M. & Read, J.(1947) Effect of oxygen on the frequency of chromosome aberrations produced by X-rays. *Nature* 160, 608.
5. Thoday, J.M. (1948) A note on cell division in the Desmid *Cosmarium meneghinii*. *New Phyt.* 47, 292-293.
6. Thoday, J.M. (1949) Direct and indirect effects of ionising radiations on chromosomes. *Proc. VIII Int. Congr. Genetics*, 672-673 (EN.8.9)
7. Thoday, J.M. & Read, J. (1949) Effect of oxygen on the frequency of chromosome aberrations produced by alpha-rays. *Nature* 163, 135.
8. Thoday, J.M. (1950) Oxygen and chromosome mutation in plants. *British Science News* 3, 66-69.
9. Thoday, J.M. (1951) The effect of ionising radiations on the broad bean root. Part IX *Brit.J.Radiol.* 24, 572-576, 622-628.
10. Thoday, J.M. (1952) Units of evolution and units of classification. *Proc. Leeds Phil.Soc.* VI, 61-64.
11. Thoday, J.M. (1953) Components of fitness. *Symp. Soc. Exp. Biol.* VII, 96-113 (EOA.31).
12. Thoday, J.M.(1953) Sister-union isolocus breakage in irradiated *Vicia faba*: the target theory and physiological variation. *Heredity* 6, suppl.299-309

13. Thoday, J.M. (1953) A Notch-translocation demonstrating non-disjunction of chromosome III in *D. melanogaster*. D.I.S. 27, 116.
14. Tebb, G. & Thoday, J.M. (1954) Genetic effects of diurnal temperature change in laboratory populations of *Drosophila melanogaster*. Proc. IX Int. Congr. Genetics, 789-791 (EN8.11).
15. Tebb, G. & Thoday, J.M. (1954) Stability of development and relational balance of X-chromosomes in *D. melanogaster*. Nature, 174, 1109.
16. Thoday, J.M. (1954) Radiation induced chromosome breakage, DNA synthesis and the mitotic cycle in *Vicia faba*. New Phytol. 53, 511-516.
17. Thoday, J.M. & Boam, T.B. (1954) Selection for increase of sternopleural bristle number. D.I.S. 28, 163.
18. Thoday, J.M. (1955) Balance, heterozygosity and developmental stability. Cold Spring Harbor Symp. XX, 318-326.
19. Thoday, J.M. (1955) Homeostasis in a selection experiment. D.I.S. 29, 169-170
20. Lilly, L.J. & Thoday, J.M. (1956) Effects of cyanide on the roots of *Vicia faba*. Nature 177, 338-339.
21. Tebb, G. & Thoday, J.M. (1956) Reversal of mating preference by crossing strains of *D. melanogaster*. Nature 177, 707.
22. Thoday, J.M. & Boam, T.B. (1956) A possible effect of the cytoplasm on recombination in *D. melanogaster*. J. Genet. 54, 456-461.
23. Thoday, J.M. (1956) A line responding to selection in one direction only. D.I.S. 30, 155.
24. Thoday, J.M. (1956) Population genetics. Nature 178, 843-844.
25. Thoday, J.M. (1956) The genetic effects of nuclear radiation. J.Inst.Biol. 3, 74-76.
26. Lees, D., Lawler, D.S., Renwick, J.H. & Thoday, J.M. (1957) Anonychia with Ectrodactyly: Clinical and linkage data. Ann.Human Genet. 22, 69-79.
27. Thoday, J.M. (1957) Effects of disruptive selection. D.I.S. 31, 167-168.

28. Thoday, J.M. (1958) The cytoplasm and quantitative variation in *Drosophila*. Proc. Roy. Soc. B 148, 352-355.
29. Thoday, J.M. (1958) Inaccuracies of anaphase estimation of radiation-induced chromosome exchange. Nature 181, 932.
30. Thoday, J.M. (1958) Effects of disruptive selection: the experimental production of a polymorphic population. Nature 181, 1124-1125.
31. Thoday, J.M. (1958) Natural selection and biological progress. In: "A Century of Darwin", pp.313-333, S.A. Barnett (ed.), Heinemann (EOJ.8).
32. Thoday, J.M. (1958) Homeostasis in a selection experiment. Heredity 12, 401-415.
33. Thoday, J.M.(1958) Effects of disruptive selection. Proc. XV Int. Congr. Zool. 127-130.
